FISCAL ANALYSIS

Technical Notes:

- There is no fiscal impact to this bill under the assumption that the activities would be done under the compliance with other state and federal laws and regulations. If the bill were interpreted to require the implementation of respite services in a manner that was not permissible for purposes of receipt of federal Medicaid match, the continued provision of the respite services would have a significant state general fund impact. Also, if the bill were determined to be applicable to other departmental programs, in addition to the developmental disabilities services program, there may be further fiscal and programmatic impacts.
